3. Old Business

Mr. Tim Roberts presented a recommendation for the Ten 2nd Level Corridor recommendations as requested by PPACG for the Regional Non-motorized Transportation Plan based on input staff received from ATAC members and from staff analysis. Mr. Roberts distributed a summary of all the recommendations received and apologized to Ms. Hoover for erroneously omitting some of hers from an e-mail the prior week. A corrected e-mail had been sent out earlier on October 14th.

Mr. Roberts presentation reflected how most of the City of Colorado Springs was now connected with proposed bike/pedestrian corridors given the additional 10 allowed by the PPACG staff. He reviewed the proposed corridors and discussed recommended improvements along them for inclusion in the Colorado Springs plan. During the discussion of the corridors, a suggestion was made recommending removal of the Union Boulevard corridor and adding a combination of corridors proposed by Mr. James Ramsey and Ms. Aubrey Hoover. The new corridor extends from the intersection of 30th Street/Mesa Road, east along Mesa Road to the pedestrian bridge across I-25, eastward along Cache la Poudre Street/Galley Street to the city limits at Powers Boulevard.

Ms. Bonnie Johnson motioned the CTAB recommend approval of the Ten 2nd Level Corridor recommendations for inclusion in the PPACG Regional Non-motorized Transportation Plan, with proposed improvements discussed for the corridor projects

and inclusion of the Ramsy/Hoover corridor in lieu of the Union Boulevard corridor. Mr. Nate Iven seconded. The motion passed unanimously.

4. Staff Communications

None.

5. Adjournment

Mr. Jim Ramsey adjourned the meeting at 6:50 pm.
